Subject: Portland supports a balanced river cleanup

My name is (b) (6) and I work at EVRAZ Oregon Steel in the Portland harbor, which is part of the EPA Superfund Site. EVRAZ has proudly made steel in the harbor area for over 70 years, and operates a Rolling mill producing steel coil and plate for customers across the country. The Harbor supports 30, 000 jobs, including mine. Evraz is committed to a river cleanup, and the EPA cleanup plan must be one that protects the public health and the health of local businesses, workers, taxpayers, and utility ratepayers. Please consider a reasonable cost to the cleanup plan so that the Harbor can be cleaned up in a cost-effective manner.

Sincerely,

(b) (6)
